

Investor presentation

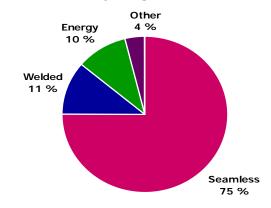

This presentation contains "forward-looking statements." Forward-looking statements are based on management's current views and assumptions and involve known and unknown risks that could cause actual results, performance or events to differ materially from those expressed or implied by those statements. These statements include information regarding management strategy, investment plans, development and growth of the seamless steel pipe and oil and gas industries, trends and other prospective data, including trends regarding the development of raw material costs and the levels of investment in oil and gas drilling worldwide and general economic conditions in the countries where Tenaris operates and sells its products and services. We do not undertake to update any forward-looking statement to reflect events or circumstances after the date of this document or to reflect the occurrence of unanticipated events.

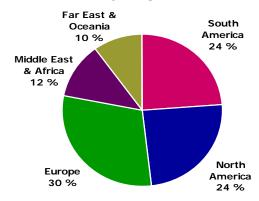

A key player in the global energy industry

- Leading global supplier of seamless pipes to the oil and gas industry with manufacturing operations worldwide
- Leading supplier of welded pipes for South America's oil and gas infrastructure
- Innovative energy supply business in Italy
- Consolidated annual revenues of US\$3.2 billion in 2003 and 16,000 employees worldwide
- Domiciled in Luxembourg with operating subsidiaries all over the world

Revenues by segment (2003)

Revenues by region (2003)

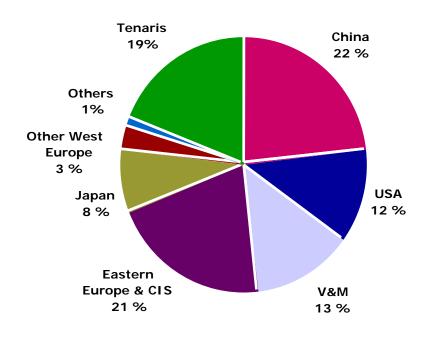

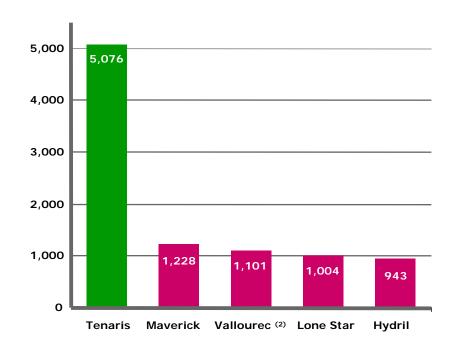

Leader in OCTG sector

World seamless OCTG production 2003 market share

- (1) As of September 22, 2004.
- (2) Vallourec owns 55% of V&M

- Leading consolidator in the industry
- Majority of sales direct to end-user customer base

Solid industrial platform

- Integrated, fully invested network of 3 steel mills, 12 rolling mills and 13 heat treatment facilities producing pipes in 8 countries
- Annual capacity of 3.3 million tons of seamless and 850,000 tons of welded pipes
- Comprehensive range of products manufactured to exacting quality standards
- Global R&D network with specialized testing laboratories
- Efficient, low-cost operations with 50 years of management know-how

Positioned to serve the growing needs of demanding markets

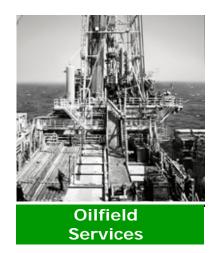

Serving four market segments

- Focusing on direct sales to end-user customers
- Developing industry-leading products
- Redesigning the supply chain
- Established roots in major energy producing countries

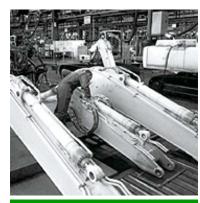

Process & Power Plant Services

Industrial & Automotive Services

Consistently profitable operations

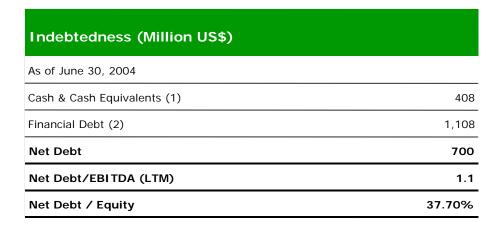

Million US\$	200	1	200	2	200	03	1H0	3	1H0	04

Net										
Income ⁽²⁾	136	4%	194	6%	210	7%	135	8%	176	9%

⁽¹⁾ EBITDA = Operating income plus depreciation and amortization taken before non-recurring losses and provisions relating to BHP Billiton lawsuit

⁽²⁾ Net income plus minority interest attributable to shareholdings acquired during the December 2002 exchange offer which marked the listing of Tenaris as a public company

Strong financial position

Firm Value (Million US\$)	US\$5,776		
Net Debt	700		
Market Cap ⁽³⁾	5,076		

Balance Sheet (Million US\$)					
As of June 30, 2004					
Current Assets	2,374	Current Liabilities	1,591		
Non-Current Assets	2,227	Non-Current Liabilities	1,036		
		Deferred Taxes	397		
		Minority Interest	114		
		Equity	1,859		
Total Assets	4,601	Total Liabilities & Equity	4,601		

- (1) Includes cash held in trust funds which expire at the end of 2004
- (2) Does not include other liability of US\$112.2 million payable in respect of BHP Billiton lawsuit
- (3) Market capitalization as of September 22, 2004 (US\$43.00 per ADR)

Prepared to take advantage of an energy-demanding world

- Global acquisitions and alliances
- Cost-competitive industrial structure
- Advanced product development
- Adding value in the supply chain
- Financial strength

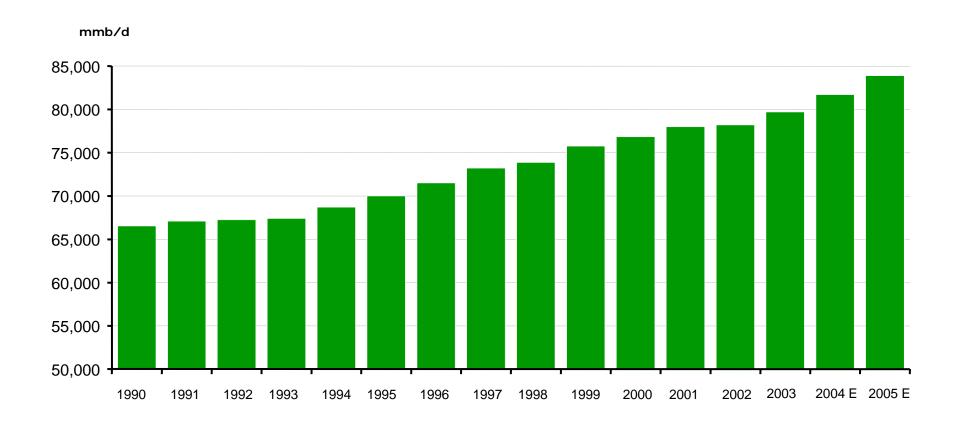

Tubular Technologies. Innovative Services.

Recent acquisitions

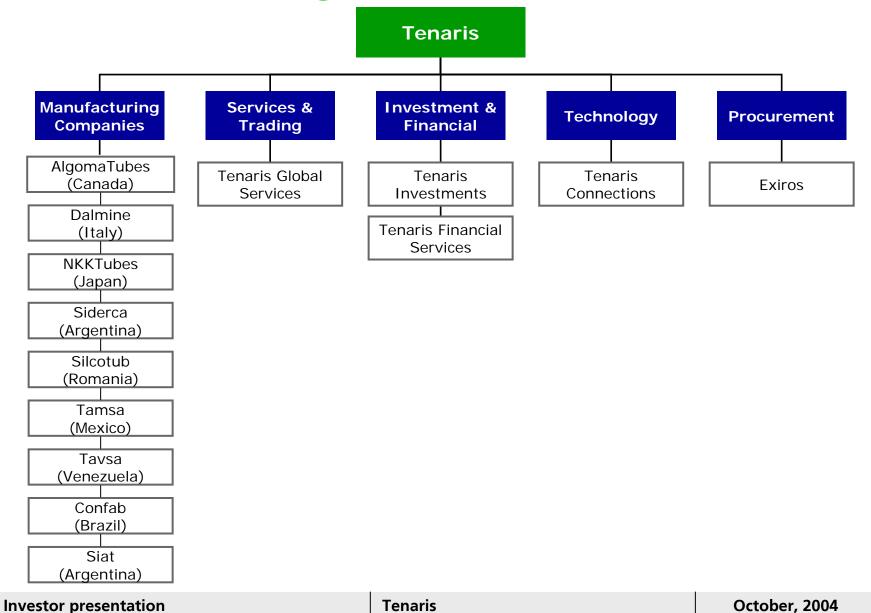

Silcotub (Romania)

- Enter Eastern Europe and strenghten position in European industrial and automotive market
- Efficent and modern plant with cold drawing and finishing facilities
- Additional 180,000 tons of seamless pipe capacity
- USD42 million

Posven (Venezuela)

- Source of low cost, high quality raw material for Mexican and other operations
- 1.5 million tons of HBI (nominal annual design capacity)
- USD120 million (50% Tenaris)
