## NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS

(In the notes all amounts are shown in U.S. dollars, unless otherwise stated)

### 1 General information

Tenaris S.A. (the "Company") was established as a public limited liability company (*Société Anonyme*) under the laws of the Grand-Duchy of Luxembourg on December 17, 2001. The Company holds, either directly or indirectly, controlling interests in various subsidiaries in the steel pipe manufacturing and distribution businesses. References in these Consolidated Condensed Interim Financial Statements to "Tenaris" refer to Tenaris S.A. and its consolidated subsidiaries. A list of the principal Company's subsidiaries is included in Note 30 to the Company's audited Consolidated Financial Statements for the year ended December 31, 2013.

The Company's shares trade on the Buenos Aires Stock Exchange, the Italian Stock Exchange and the Mexican Stock Exchange; the Company's American Depositary Securities ("ADS") trade on the New York Stock Exchange.

These Consolidated Condensed Interim Financial Statements were approved for issuance by the Company's board of directors on November 5, 2014.

### 2 Accounting policies and basis of presentation

These Consolidated Condensed Interim Financial Statements have been prepared in accordance with IAS 34, "Interim Financial Reporting". The accounting policies used in the preparation of these Consolidated Condensed Interim Financial Statements are consistent with those used in the audited Consolidated Financial Statements for the year ended December 31, 2013. These Consolidated Condensed Interim Financial Statements should be read in conjunction with the audited Consolidated Financial Statements for the year ended December 31, 2013, which have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standard Board ("IASB") and adopted by the European Union ("EU").

The preparation of Consolidated Condensed Interim Financial Statements in conformity with IFRS requires management to make certain accounting estimates and assumptions that might affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the balance sheet dates, and the reported amounts of revenues and expenses for the reported periods. Actual results may differ from these estimates.

Material inter-company transactions, balances and unrealized gains (losses) on transactions between Tenaris's subsidiaries have been eliminated in consolidation. However, since the functional currency of some subsidiaries is its respective local currency, some financial gains (losses) arising from inter-company transactions are generated. These are included in the Consolidated Condensed Interim Income Statement under *Other financial results*.

There were no changes in valuation techniques during the period and there have been no changes in the risk management department or in any risk management policies since the year ended December 31, 2013.

Whenever necessary, certain comparative amounts have been reclassified to conform to change in presentation in current period.

In 2013, Argentina enacted a law that amends its Income tax law. The law includes a new 10% withholding tax on dividend distributions made by Argentine companies to foreign beneficiaries. Accordingly, as of September 30, 2013, the Company recorded an income tax provision of \$45.4 million, for the deferred tax liability on reserves for future dividends at Tenaris's Argentine subsidiaries. As of September 30, 2014, the balance amounted to \$20.3 million.

#### **New accounting pronouncements have been issued after December 31, 2013 and relevant for Tenaris**

##### *IFRS 15, "Revenue from contracts with customers"*

In May 2014, the IASB issued IFRS 15, "revenue from contracts with customers", which sets out the requirements in accounting for revenue arising from contracts with customers and which is based on the principle that revenue is recognized when control of a good or service is transferred to the customer. IFRS 15 must be applied annual periods beginning on or after January 1, 2017.

---

## New accounting pronouncements have been issued after December 31, 2013 and relevant for Tenaris (Cont.)

## IFRS 9, "Financial instruments"

In July 2014, the IASB issued IFRS 9, "Financial instruments", which replaces the guidance in IAS 39. It includes requirements on the classification and measurement of financial assets and liabilities, as well as an expected credit losses model that replaces the current incurred loss impairment model. IFRS 9 must be applied on annual periods beginning on or after January 1, 2018.

These standards are not effective for the financial year beginning January 1, 2014 and have not been early adopted.

These standards have not been endorsed by the EU.

The Company's management has not yet assessed the potential impact that the application of these standards may have on the Company's financial condition or results of operations

<b>IFRS - Net Sales</b>	<b>7,332,503</b>	<b>590,133</b>	<b>7,922,636</b>
Management View - Operating income	1,523,543	77,161	<b>1,600,704</b>
· Differences in cost of sales and others	(11,957)	6,130	<b>(5,827)</b>
· Depreciation and amortization	720	(136)	<b>584</b>
<b>IFRS - Operating income</b>	<b>1,512,306</b>	<b>83,155</b>	<b>1,595,461</b>
Financial income (expense), net			(36,786)
<b>Income before equity in earnings of non-consolidated companies and income tax</b>			<b>1,558,675</b>
Equity in earnings of non-consolidated companies			33,950
<b>Income before income tax</b>			<b>1,592,625</b>
Capital expenditures	543,596	26,245	569,841
Depreciation and amortization	439,741	15,162	454,903

(\*) In 2014, the company aligned the presentation of sales between Management and IFRS view.

In the nine-month period ended September 30, 2014, net income under management view amounted to \$954.9 million, while under IFRS amounted to \$1.171.3 million. In addition to the above, the main differences arise from the impact of functional currencies on financial result, income taxes as well as the result of investments in non-consolidated companies.

### 3 Segment Information (Cont.)

#### Geographical information

(all amounts in thousands of U.S. dollars)	(Unaudited)					
	North America	South America	Europe	Middle East & Africa	Far East & Oceania	Total
<b>Nine-month ended September 30, 2014</b>						
Net sales	3,594,536	1,568,996	755,739	1,445,859	296,327	7,661,457
Capital expenditures	336,555	271,878	87,866	3,773	14,295	714,367
Depreciation and amortization	251,796	90,013	94,231	7,549	15,669	459,258
<b>Nine-month ended September 30, 2013</b>						
Net sales	3,298,845	1,992,954	736,612	1,514,885	379,340	7,922,636
Capital expenditures	190,659	254,066	105,954	2,915	16,247	569,841
Depreciation and amortization	243,793	82,393	104,674	7,884	16,159	454,903

Allocation of net sales to geographical information is based on customer location. Allocation of depreciation and amortization is based on the geographical location of the underlying assets.

There are no revenues from external customers attributable to the Company's country of incorporation (Luxembourg). For geographical information purposes, "North America" comprises Canada, Mexico and the United States; "South America" comprises principally Argentina, Brazil, Colombia, Ecuador and Venezuela; "Europe" comprises principally Italy, Norway and Romania; "Middle East and Africa" comprises principally Angola, Iraq, Nigeria, Saudi Arabia and United Arab Emirates; "Far East and Oceania" comprises principally China, Indonesia and Japan.

## 7 Dividend distribution

On May 7, 2014 the Company's Shareholders approved an annual dividend in the amount of \$0.43 per share (\$0.86 per ADS). The amount approved included the interim dividend previously paid in November 21, 2013 in the amount of \$0.13 per share (\$0.26 per ADS). The balance, amounting to \$0.30 per share (\$0.60 per ADS), was paid on May 22, 2014. In the aggregate, the interim dividend paid in November 2013 and the balance paid in May 2014 amounted to approximately \$507.6 million.

On May 2, 2013 the Company's Shareholders approved an annual dividend in the amount of \$0.43 per share (\$0.86 per ADS). The amount approved included the interim dividend previously paid in November 22, 2012 in the amount of \$0.13 per share (\$0.26 per ADS). The balance, amounting to \$0.30 per share (\$0.60 per ADS), was paid on May 23, 2013. In the aggregate, the interim dividend paid in November 2012 and the balance paid in May 2013 amounted to approximately \$507.6 million.

**Contingencies**

This note should be read in conjunction with Note 26 to the Company's audited Consolidated Financial Statements for the year ended December 31, 2013.

Tenaris is from time to time subject to various claims, lawsuits and other legal proceedings, including customer claims, in which third parties are seeking payment for alleged damages, reimbursement for losses or indemnity. Some of these claims, lawsuits and other legal proceedings involve highly complex issues, and often these issues are subject to substantial uncertainties. Accordingly, potential liability with respect to a large portion of such claims, lawsuits and other legal proceedings cannot be estimated with certainty. Management with the assistance of legal counsel periodically reviews the status of each significant matter and assesses potential financial exposure. If a potential loss from a claim, lawsuit or proceeding is considered probable and the amount can be reasonably estimated, a provision is recorded. Accruals for loss contingencies reflect a reasonable estimate of the losses to be incurred based on information available to management as of the date of preparation of the financial statements, and take into consideration litigation and settlement strategies. The Company believes that the aggregate provisions recorded for potential losses in these financial statements are adequate based upon currently available information. However, if management's estimates prove incorrect, current reserves could be inadequate and Tenaris could incur a charge to earnings which could have a material adverse effect the results of operations, financial condition, net worth and cash flows.

Set forth below is a description of Tenaris's material ongoing legal proceedings:

**■ Tax assessment in Italy**

A Tenaris Italian company received on December 24, 2012 a tax assessment from the Italian tax authorities related to allegedly omitted withholding tax on dividend payments made in 2007. The assessment, which was for an estimated amount of EUR282 million (approximately \$355 million), comprising principal, interest and penalties, was appealed with the tax court in Milan. In February 2014, the tax court issued its decision on this tax assessment, partially reversing the assessment for 2007 and lowering the claimed amount to approximately EUR9 million (approximately \$11 million), including principal, interest and penalties. On October 2, 2014, the Italian tax authorities appealed against the tax court decision on the first assessment.

On December 24, 2013, the company received a second tax assessment from the Italian tax authorities related to allegedly omitted withholding tax on dividend payments made in 2008. This second assessment, based on the same arguments of the first assessment, is for an estimated amount, as of September 30, 2014, of EUR248 million (approximately \$312 million), comprising principal interest and penalties. On February 20, 2014, the assessment for 2008 was appealed with the tax court in Milan.

Based on the tax court decision on the first assessment, Tenaris believes that it is not probable that the ultimate resolution of the second tax assessment will result in a material obligation.

**■ Companhia Siderúrgica Nacional (CSN) - Lawsuit**

In 2013, Confab was notified of a lawsuit filed in Brazil by Companhia Siderúrgica Nacional (CSN) and various entities affiliated with CSN against Confab and the other entities acquiring Usiminas shares in the January 2012 transaction.

The CSN lawsuit alleges that, under applicable Brazilian laws and rules, the acquirers were required to launch a tag-along tender offer to all non-controlling holders of Usiminas ordinary shares for a price per share equal to 80% of the price per share paid in such acquisition, or BRL28.8, and seeks an order to compel the acquirers to launch an offer at that price plus interest. If so ordered, the offer would need to be made to 182,609,851 ordinary shares of Usiminas not belonging to Usiminas's control group, and Confab would have a 17.9% share in the offer.

On September 23, 2013, the first instance court issued its decision finding in favour of Confab and the other defendants and dismissing the CSN lawsuit. The claimants appealed the court decision and the defendants filed their response to the appeal. It is expected that the court of appeals will issue its judgment on the appeal within two years of the date hereof. Tenaris believes that CSN's allegations are groundless and without merit, as confirmed by several opinions of Brazilian counsel and previous decisions by Brazil's securities regulator Comissão de Valores Mobiliários, including a February 2012 decision determining that the above mentioned acquisition did not trigger any tender offer requirement and, more recently, the first instance court decision on this matter referred to above. Accordingly, no provision was recorded in these Consolidated Condensed Interim Financial Statements.

---

## 11 Contingencies, commitments and restrictions to the distribution of profits (Cont.)

### Commitments

Set forth is a description of Tenaris's main outstanding commitments:

- A Tenaris company is a party to a contract with Nucor Corporation under which it is committed to purchase on a monthly basis a minimum volume of hot-rolled steel coils at prices that are negotiated annually by reference to prices to comparable Nucor customers. The contract became effective in May 2013 and will be in force until December 2017; provided, however, that either party may terminate the contract at any time after January 1, 2015 with 12-month prior notice. As of September 30, 2014, the estimated aggregate contract amount through December 31, 2015, calculated at current prices, is approximately \$339 million.
- A Tenaris company entered into a contract with Siderar, a subsidiary of Ternium S.A. ("Ternium") for the supply of steam generated at the power generation facility that Tenaris owns in the compound of the Ramallo facility of Siderar. Under this contract, Tenaris is required to provide to Siderar 250 tn/hour of steam through to 2018, and Siderar has the obligation to take or pay this volume. The amount of this gas supply agreement totals approximately \$56 million.
- A Tenaris company, entered into various contracts with suppliers pursuant to which it committed to purchase goods and services for a total amount of approximately \$490 million related to the investment plan to expand Tenaris's US operations with the construction of a state-of-the-art seamless pipe mill in Bay City, Texas.

### Restrictions to the distribution of profits and payment of dividends

As of September 30, 2014, equity as defined under Luxembourg law and regulations consisted of:

(all amounts in thousands of U.S. dollars)	<b>Unaudited</b>
Share capital	1,180,537
Legal reserve	118,054
Share premium	609,733
Retained earnings including net income for the period ended September 30, 2014	21,523,711
<b>Total equity in accordance with Luxembourg law</b>	<b>23,432,035</b>

At least 5% of the Company's net income per year, as calculated in accordance with Luxembourg law and regulations, must be allocated to the creation of a legal reserve equivalent to 10% of the Company's share capital. As of September 30, 2014, this reserve was fully allocated and additional allocations to the reserve are not required under Luxembourg law. Dividends may not be paid out of the legal reserve.

The Company may pay dividends to the extent, among other conditions, that it has distributable retained earnings calculated in accordance with Luxembourg law and regulations.

At September 30, 2014, distributable amount under Luxembourg law totals \$22.1 billion, as detailed below:

(all amounts in thousands of U.S. dollars)	<b>Unaudited</b>
Retained earnings at December 31, 2013 under Luxembourg law	21,899,189
Other income and expenses for the period ended September 30, 2014	(21,317)
Dividends approved	(354,161)
<b>Retained earnings at September 30, 2014 under Luxembourg law</b>	<b>21,523,711</b>
Share premium	609,733
<b>Distributable amount at September 30, 2014 under Luxembourg law</b>	<b>22,133,444</b>

## 12 Non-consolidated companies and business combinations

### a) Ternium

At September 30, 2014, the closing price of the Ternium's ADSs as quoted on the New York Stock Exchange was \$24.05 per ADS, giving Tenaris's ownership stake a market value of approximately \$552.5 million. At September 30, 2014, the carrying value of Tenaris's ownership stake in Ternium was approximately \$606.2 million.

**b) Usiminas**

At September 30, 2014, the closing price of the Usiminas' ordinary shares as quoted on the BM&FBovespa Stock Exchange was BRL6.64 (approximately \$2.71) per share, giving Tenaris's ownership stake a market value of approximately \$67.7 million. At September 30, 2014, the carrying value of Tenaris's ownership stake in Usiminas, was approximately \$283.6 million. This amount includes goodwill and other tangible and intangible assets allocated in the purchase price for \$42.0 million and \$66.6 million, respectively.

The Company reviews periodically the recoverability of its investment in Usiminas. To determine the recoverable value, the company estimates the value in use of the investment by calculating the present value of the expected cash flows. There is a significant interaction among the principal assumptions made in estimating Usiminas cash flow projections, which include: iron ore and steel prices, foreign exchange and interest rates, Brazilian GDP and steel consumption in the Brazilian market.

Many of the above mentioned drivers of Usiminas recoverable value estimation showed a high degree of volatility during the third quarter of 2014 and as of the release of these financial statements. Brazil's recently held presidential elections were one of the main causes of this volatility, as the runners-up to Brazil's presidency were perceived as having significantly different economic policy views, creating a high level of uncertainty regarding the country's future macro-economic environment.

Since the acquisition of its investment in Usiminas and up to September 30, 2014, Tenaris reduced the carrying value of the investment by 44% through impairment charges, currency translation adjustments ("CTA") due to the devaluation of the Brazilian currency against the US dollar and the results of the company. In the third quarter of 2014, the value of the investment in Usiminas declined by \$33.7 million, mainly through CTA.

Under this volatile and uncertain environment, the Company reviewed its value in use calculation with the information currently available and based on the long term potential and prospects of Usiminas, and determined no need for an impairment charge. Nevertheless, during the following months, Tenaris will closely follow the newly elected Brazilian government's changes to economic policy, if any, together with the Brazilian Real exchange rate expectations, and will evaluate their impact in the drivers of Usiminas recoverable value. These matters could lead to further reductions in the carrying value of Tenaris investment in Usiminas, either through CTA or impairment charges.

**c) Investment in Power Plant - Techgen, S.A. de C.V. ("Techgen")**

Following the execution of an August 2013 memorandum of understanding for the construction and operation of a natural gas-fired combined cycle electric power plant in the Pesquería area of the State of Nuevo León, Mexico, as of February 2014, Tenaris, Ternium and Tecpetrol International S.A. (a wholly-owned subsidiary of San Faustin S.A., the controlling shareholder of both Tenaris and Ternium) completed their initial investments in Techgen, S.A. de C.V., a Mexican project company owned 48% by Ternium, 30% by Tecpetrol and 22% by Tenaris. Tenaris and Ternium also agreed to enter into power supply and transportation agreements with Techgen, pursuant to which Ternium and Tenaris will contract 78% and 22%, respectively, of Techgen's power capacity of between 850 and 900 megawatts.

Tenaris is acting as a guarantor on different agreements and contracts entered by Techgen in relation with:

- Gas transportation capacity starting on June 1, 2016 and ending on May 31, 2036, for which Tenaris has provided a guarantee in connection with these agreements of \$63 million, corresponding to the 22% of the outstanding value as of September 30, 2014.
  - Purchase of power generation equipment and other services related to the equipment, for which Tenaris has provided a guarantee in connection with stand-by letters of credit issued by Techgen of an amount of \$10.4 million.
  - An obligation of Techgen under a syndicated loan between with several banks. Tenaris issued a Corporate Guarantee covering 22% of the loan agreement that amounted to \$800 million. When the loan is fully disbursed, the amounts guaranteed by Tenaris will be approximately \$176 million.
-

## 12 Non-consolidated companies and business combinations (Cont.)

### Business combinations

In September 2014, Tenaris acquired 100% of the shares of Socobras Participações Ltda., that owned the remaining 50% of “Socotherm Brasil S.A.” (mainly assets acquired are PPE for \$12.4 million, inventories for \$4.3 million and cash and cash equivalents for \$1.5 million), for a purchase price of \$28.7 million. Net assets acquired amount to \$9.6 million.

Had the transaction been consummated on January 1, 2014, then Tenaris’s unaudited pro forma net sales and net income from continuing operations would not have changed materially.

As of the date of issuance of these consolidated condensed interim financial statements, the Company has not yet completed its purchase price allocation procedures, once completed, certain modifications to the value attributed to the assets and liabilities acquired may be required.

## 13 Related party transactions

As of September 30, 2014:

- San Faustin S.A., a Luxembourg public limited liability company (Société Anonyme) (“San Faustin”), owned 713,605,187 shares in the Company, representing 60.45% of the Company’s capital and voting rights.
- San Faustin owned all of its shares in the Company through its wholly-owned subsidiary Techint Holdings S.à r.l., a Luxembourg private limited liability company (Société à Responsabilité Limitée) (“Techint”).
- Rocca & Partners Stichting Administratiekantoor Aandelen San Faustin, a Dutch private foundation (Stichting) (“RP STAK”) held shares in San Faustin sufficient in number to control San Faustin.
- No person or group of persons controls RP STAK.

Based on the information most recently available to the Company, Tenaris’s directors and senior management as a group owned 0.12% of the Company’s outstanding shares.

Transactions and balances disclosed as with “non-consolidated parties” are those with companies over which Tenaris exerts significant influence or joint control in accordance with IFRS, but does not have control. All other transactions and balances with related parties which are not non-consolidated parties and which are not consolidated are disclosed as “Other”.

The following transactions were carried out with related parties.

For further detail regarding Available for sale assets, see Note 31 to the Company's audited Consolidated Financial Statements for the year ended December 31, 2013.

Level 1- Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2- Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).

Level 3- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

There were no transfers between Level 1 and 2 during the period.

The fair value of financial instruments traded in active markets is based on quoted market prices at the reporting date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for financial assets held by Tenaris is the current bid price. These instruments are included in Level 1 and comprise primarily corporate and sovereign debt securities.

The fair value of financial instruments that are not traded in an active market (such as certain debt securities, certificates of deposits with original maturity of more than three months, forward and interest rate derivative instruments) is determined by using valuation techniques which maximize the use of observable market data where available and rely as little as possible on entity specific estimates. If all significant inputs required to value an instrument are observable, the instrument is included in Level 2. Tenaris values its assets and liabilities included in this level using bid prices, interest rate curves, broker quotations, current exchange rates, forward rates and implied volatilities obtained from market contributors as of the valuation date.

## 14 Fair Value (Cont.)

### ■ Measurement (Cont.)

If one or more of the significant inputs are not based on observable market data, the instruments are included in Level 3. Tenaris values its assets and liabilities in this level using observable market inputs and management assumptions which reflect the Company's best estimate on how market participants would price the asset or liability at measurement date.

### ■ Estimation

Financial assets or liabilities classified as assets at fair value through profit or loss are measured under the framework established by the IASB accounting guidance for fair value measurements and disclosures.

The fair values of quoted investments are generally based on current bid prices. If the market for a financial asset is not active or no market is available, fair values are established using standard valuation techniques.

For the purpose of estimating the fair value of Cash and cash equivalents and Other Investments expiring in less than ninety days from the measurement date, the Company usually chooses to use the historical cost because the carrying amount of financial assets and liabilities with maturities of less than ninety days approximates to their fair value.

The fair value of all outstanding derivatives is determined using specific pricing models that include inputs that are observable in the market or can be derived from or corroborated by observable data. The fair value of forward foreign exchange contracts is calculated as the net present value of the estimated future cash flows in each currency, based on observable yield curves, converted into U.S. dollars at the spot rate of the valuation date.

Borrowings are comprised primarily of fixed rate debt and variable rate debt with a short term portion where interest has already been fixed, they are classified under other financial liabilities and measured at their carrying amount. Tenaris estimates that the fair value of its main financial liabilities is approximately 99.9% and 100.8% of its carrying amount including interests accrued as of September 30, 2014 and 2013, respectively. Tenaris estimates that a change of 100 basis points in the reference interest rates would have an estimated impact of approximately 0.3% and 0.2% in the fair value of borrowings as of September 30, 2014 and 2013, respectively. Fair values were calculated using standard valuation techniques for floating rate instruments and comparable market rates for discounting flows.

## 15 Subsequent event

### *Interim dividend payment*

On November 5, 2014, the Company's board of directors approved the payment of an interim dividend of \$0.15 per share (\$0.30 per ADS), or approximately \$177 million, payable on November 27, 2014, with an ex-dividend date of November 24, 2014.
